Credentialed PL 5	Information
Credentialed PL 6	Action
Credentialed EMD	Information

Colleagues,

This Medical Directive implements the clinical procedure for blood product administration for \geq PL6 providers. This is part of a pilot program and not a system wide implementation. As part of the pilot program, the following units were selected for initial deployment based on analysis of expected use:

Office of the Chief Medical Officer:

1. MD2
2. PA01

Austin Travis County EMS:

1. DMO02
2. DC04

During the pilot phase, a 100% chart review of blood product administration will be performed with reporting to the Office of the Chief Medical Officer.

Additional units may be added based on proof of concept and growth of the pilot program. A separate Medical Directive will be needed for system wide implementation or continuation of specific unit implementation following the pilot phase.

Thank you for all that you do,

Mark E. Escott, MD, MPH, FACEP, FAEMS, NRP
 EMS System Medical Director
 Office of the Chief Medical Officer
 City of Austin/Travis County
 ESV# 20210405939b

William J. Leggio, EdD, NRP
 Clinical Operations, Practices, and Standards Coordinator
 Office of the Chief Medical Officer
 Austin/Travis County EMS System
