

## Triage Personnel

**Reports to:** Triage Unit Leader

**Assignment Location:** Triage Area

**Talk Group:** \_\_\_\_\_

**Radio call sign:** Triage

**Skills needed:** First responders, EMT-1s, and paramedics with experience in *START* triage, *Jump START* triage and trauma triage criteria.

**Mission:** Triage patients and assign them to appropriate Treatment Areas.

**Immediate Actions:**

- Report to designated on scene triage assignment location(s).
- Using the principles of *START* and *Jump START*, triage and tag injured patients with triage tags or tape affixed to upper extremities.

**On-Going Actions:**

- Move patients to appropriate Treatment Areas.
- Provide appropriate medical treatment to patients prior to movement as incident conditions allow.
- Assist with secondary triage of patients in treatment areas, if assigned.
- Report to Triage Unit Leader for reassignment when initial triage tasks have been completed.
