

KCEMS COVID-19 Update

April 13th, 2020 1730

Updated Protocols

The Region is continuing to review the current environment that we find ourselves in and look for best practices from around the country. Attached to the email is the updated WMRMCC COVID-19 protocol and a new MDI protocol that Kent County is considering for approval. There are an additional two protocols that are out for review by the Regional medical directors, which due to our current situation we do not believe will be necessary at this time (Specimen Collection & Decision for Transport). However, we will keep them available if needed. If you have any questions or suggestions for future revisions please reach out to Lance, either by email at corey@kcems.org, or by cell at (231) 742-1131.

Process Requesting PPE supplies

Ensuring everyone has the correct link to request additional supplies

All Fire Departments will continue to request supplies through the Kent County Emergency Management Office by following this link:

https://kentcounty.sjc1.qualtrics.com/jfe/form/SV_5orYU7nBSs3ncrP

If there is an urgent need for PPE, all fire departments should reach out to Chief Scott Siler as the FD EOC representative to explain the circumstances and the need.

All transport agencies and hospitals will continue request supplies through the Region 6 Healthcare Coalition by following this link: <https://www.miregion6.org/emergencyequipmentrequestform.html>.

If there is an urgent need for PPE, all transport agencies should reach out to the R6MCC – 855-734-6622 to explain the circumstances and the need.
